THE BRIDGING PROGRAMME

The Bridging Programme for international undergraduates was first introduced by the University in 2007. The programme is offered in full-time mode only (a minimum of two semesters).

COMPONENTS OF PROGRAMME

a. The Bridging Programme consists of TWO (2) basic components.

1. Intensive English Course (IEC)

2. Foundation

i) Intensive English Course (IEC)

Students will not need to undertake the Intensive English Course (IEC) if the University English Requirement as stated below is met :-

a) A score of not less than 500 in the Test of English as a Foreign Language (TOEFL) (or TOEFL (IBT) > 79)

b) A minimum overall band score of 5.5 in or IELTS (Academic)

However, students without IELTS/TOEFL at entry are required to sit for the English Language Proficiency Test (ELPT) conducted by the University. Student with a lower score and does not meet the entry requirement will have to attend and pass IEC for One (1) Semester or more depending on his/her entry level.

The IEC is a prerequisite to the Foundation component. Hence, students are required to pass the IEC component prior to admission to Foundation.

If the student fails any of the subjects taught in IEC, the student needs to repeat the whole course.

ii) Faculty Foundation Programme

Students are also required to attend and pass the Foundation Programme before enrolling for the Undergraduate programme offered.
Courses offered are subjected to the University’s discretion.

Students are required to register for IEC and Foundation separately, one after another for 2 separate semesters.
